#### **PURPOSE**

Pratt Regional Medical Center, affiliated clinics, and Pratt Rehabilitation and Residence Center, hereinafter referred to as PRMC, affirms and maintains its commitment to provide health care services to all who are in need, without discrimination.

The purpose of this policy is to provide guidelines for helping patients with payment for hospital and other medical care. PRMC is implementing this policy due to the absence of a national plan to assure financial assistance for those who:

- · Have no insurance and are of an indigent status, or
- Who experience catastrophic financial situations, or
- Who have insurance but cannot pay for part or all of the care they receive.

#### **POLICY**

- A. To determine financial assistance based solely on the patient's ability to pay and not on the basis of age, race, religion, gender, or national origin. This pertains to all medically necessary services provided by Pratt Regional Medical Center entities.
- B. To assist patients in obtaining alternative methods of financial assistance whenever possible. This action is intended to allow PRMC to provide the maximum level of necessary financial assistance within its resources.
- C. To maintain confidentiality of information for all who seek financial assistance at PRMC. PRMC respects and values the dignity of all patients and their families.

# **PROCEDURE**

- A. All patients of PRMC and its clinics will have the option to make an application for financial assistance. The determination to provide financial assistance should be made before the actual provision of services. If that is not possible, then at the most opportune time immediately following service.
- B. The granting of assistance will be made with priority given to those who receive emergent and/or urgent care. All other types of care will be determined on a case by case basis.
- C. The request for financial assistance may originate from the patient, family member, or friend of the family, as well as from any employee of PRMC or member of the medical staff.
- D. All requests for financial assistance will be forwarded to financial counseling representatives who will analyze the current financial status of the patient and make a determination of how the patient may qualify for financial assistance or indigent status.
