PRATT REGIONAL MEDICAL CENTER

Financial Assistance Policy – Plain Language Summary

Financial Assistance

PRMC helps people who are not able to pay health care bills.

Eligibility Requirements

Eligibility for financial assistance is based on many factors, including insurance coverage or other sources of money, income, family size, and other medical bills.

Approval of Financial Assistance is based on Federal Poverty Guidelines, located on the U.S. Department of Health & Human Services website. PRMC offers Financial Assistance on a sliding scale for patients with wages below 300% of the Federal Poverty Level. PRMC may also weigh other situations when making a financial assistance decision. *See the Financial Assistance Policy.*

Help is offered to those who don't have a health plan (insurance), enough insurance, or a balance they can't afford to pay. Patients must fill out a Financial Assistance Application and provide us with all needed records, such as tax returns, bank records, and pay stubs, noting all sources of money.

The completed application with all documentation can be mailed to:

***Pratt Regional Medical Center
Attn: Financial Assistance Determination
200 Commodore St.
Pratt, KS 67124.***

If you wish to submit your completed application in person, please stop by the Financial Services Rep office located in the Main Lobby of Pratt Regional Medical Center.

How to Ask for Help

The patient or an advocate (like a family member or a provider) can ask for help before, during, or after the care. The patient or person who must pay the bills will then be asked to fill out a form. We can only help with healthcare provided at a PRMC location by PRMC healthcare workers.
